#### **British Association For The Advancement**

The British Science Association (BSA) is a charity and learned society founded in 1831 to aid in the promotion and development of science. Until 2009 it was known as the British Association for the Advancement of Science (BA). The Chief Executive is Katherine Mathieson.

#### **British Science Association - Wikipedia**

In John Tyndall ...the 1874 meeting of the British Association for the Advancement of Science, when he claimed that cosmological theory belonged to science rather than theology and that matter had the power within itself to produce life. In the ensuing notoriety over this "Belfast Address," Tyndall's allusions to the limitations of science....

#### **British Association for the Advancement of Science ...**

The British Science Association believes that science should be a part of – rather than set apart from – society and culture, and is owned by the wider community. Our programmes encourage people of all ages and backgrounds to engage with science, become ambassadors for science, and ultimately to be empowered to challenge and influence British science - whether they work in science or not.

#### **British Science Association**

The British Association for the Advancement of Science (BAAS) was founded in 1831, based loosely on the German Gesellschaft deutscher Naturforscher und Aerzte. The BAAS was ostensibly to perform what its name conveys, the promotion of science in Britain. In the 1830s science was still quite a private affair.

#### **British Association for the Advancement of Science**

The British Association for the Advancement of Science or the British Science Association, formerly known as the BA, is a learned society with the object of promoting science, directing general attention to scientific matters, and facilitating interaction between scientific workers. Membership is open to all.
