The final step in the box assembly is to add 2 box battens (13-1/2" L x 4" W) on top at each end. Although we recommend using clamps during glue-up and cut nails as we have shown throughout this build, as a time saving tip, you can simply tack all boards in place after gluing as shown in the battens assembly (below), using a micro pinner, Woodcraft Item #845001 with Grex 1" Headless Pins ...
